**PROJECT TYPE:** AERIAL CONTROL SURVEY

**CLIENT:** AERIAL SURVEY & PHOTO

**PROJECT NAME:** RUMFORD CONTROL

**LOCATION:** RUMFORD, MAINE

**DESCRIPTION:** Main-Land completed preliminary target placement and provided survey control data for 11 aerial targets. These targets were utilized by Aerial Survey & Photo, Inc. or Norridgewock, Maine to provide high resolution color orthophotos and 1-foot contour mapping of an approximate 900 acre project site. The control data was collected utilizing a combination of a post processed static GPS control network and RTK GPS data over multiple sessions.
