PROJECT TYPE: SURVEY

CLIENT: AL BRESSETTE

PROJECT NAME: RESIDENTIAL
BOUNDARY

LOCATION: DIXFIELD, MAINE

DESCRIPTION: Main-Land completed a standard boundary survey of a small parcel of land, approximately 0.1± acres, on Main Street in Dixfield. The project involved researching deeds, completing a field reconnaissance, field location of boundary evidence and preparation of a final survey plan. Main-Land also worked with the client's attorney to create a new access easement across an adjacent parcel. The purpose of the project was to create a "base map" for future development planning purposes.

QUOTE: "Thank you for your prompt, professional and friendly service."
