PROJECT TYPE: ROAD RECONSTRUCTION

CLIENT: TOWN OF RANGELEY

PROJECT NAME: CARRY ROAD
RECONSTRUCTION

LOCATION: OQUOSSOC

DESCRIPTION: The Carry Road Reconstruction project was a Maine DOT Municipal Partnership Initiative project executed by the Town of Rangeley, ME in Oquossoc. The 1.2 mile full depth road reconstruction included public comment and funding phases, natural resource impact permitting, hydraulic and hydrologic design for culverts, plans, specifications and estimates (PS&E), bid administration, construction administration and inspection services.
